TRAINING BULLETIN # 21-05

OUT OF COUNTY PROBATION HOLDS

PURPOSE:

The purpose of this training bulletin is to provide employees with information regarding out of county probation/PRCS (Flash) holds.

Recently, officers have been encountering subjects on active, out of county probation or Post Release Community Supervision (PRCS), contacting their probation officers, and are being denied a probation hold. Because these subjects are **NOT** on Parole and are instead on out of county probation or PRCS, the out of county probation officers will **NOT** issue a PC 1203.2 or PC 3455 hold. This was confirmed with both a San Bernardino County Probation Supervisor and a Riverside County Probation Supervisor.

NOTE: If you encounter a subject on Orange County Probation or PRCS the normal PC 1203.2/PC 3455 procedures apply.

STEPS TO TAKE IF YOU ENCOUNTER THIS ISSUE:

1. If the probationer is arrested or cited on an open charge contact the appropriate probation office and inform the probation office of the arrestee's charges. This will prompt the arrestee's probation officer to take appropriate action on the back end. (They will place a hold in their system and make an arrest later.)

NOTE: If you work night shift, encounter this issue, and are unable to get a hold of a probation officer, please provide a Watch 1 Officer or Detective with the details of the case along with the arrestee's information so they can contact the probation office for notification during business hours.

2. If the subject is arrested on an open charge and you feel a hold is absolutely necessary, discuss details of the case with your Watch Commander for approval to transport the out of county probationer to his originating county. If approved, contact the appropriate probation office, request a hold, inform the probation officer you will be transporting the prisoner from Laguna Beach, and transport arrestee to the appropriate jail facility.
