

## LISTING SERVICES

One of the below listing service companies must prepare and mail the public notice via postcard to all property owners within 300' feet of the project and all tenants within 100' of the project. A receipt of payment to your chosen company must be delivered to the City and the listing service must provide to the City a copy of the recipient list. A Title Company may not be used in lieu of a listing service. The Department staff will not accept these materials from the applicant, property owner or other party. This change in policy will serve to enhance the accuracy, completeness and integrity of information used by the City in the public hearing process.
