

CITY OF LAGUNA BEACH INVESTMENT REPORT JUNE 2023

BACKGROUND

The City Council delegated the investment authority to the City Treasurer and directed her to prepare a monthly report for the investments in accordance with the Investment Policy and California Government Code 53646. Accordingly, the report (Attachment 1) is presented at a public meeting and is available to the public on the City of Laguna Beach website. The transaction history required by California law is provided in the Custodian Statement (Attachment 2).

DISCUSSION

At June 30, 2023, Cash and Investments totaled \$168.3 million dollars. During June the portfolio decreased \$2.7 million dollars due to operating expenses that were only partially offset by the \$1.5 million dollar IBank loan proceeds. The City Treasurer certified that the month-end portfolio complied with the Investment Policy and that there was sufficient liquidity to meet the City's forecasted expenditures for the next six months.

The federal government has rapidly increased interest rates since 2022. Consequently, investments purchased at lower interest rates have a holding value that was less than par but will pay back the invested principle when they mature. All are very safe, high-quality investments. The dramatic interest rate increase can be seen in the City's benchmark 2-year treasury bill that was 0.78% at the start of January 2022 but was 4.87% at the end of the month. Generally Accepted Accounting Principles require that investments must be marked-to-market value in the Annual Comprehensive Financial Report. The resulting accounting adjustment will not impact operations, budget or cash.

The Investment Policy encourages a Buy and Hold investment strategy and has the following objectives, in order of priority.

Safety: The highest priority objective was achieved by investing in high quality securities that will return the invested principle when they mature. Investments included Federal Agency securities and treasury bills, the California pooled investment fund (LAIF), medium-term corporate notes or Municipal Bonds rated A or better, Certificates of Deposit and certain supranational securities with a AAA ratings.

Liquidity: Adequate funds were invested in securities that target the anticipated cash requirements of the City and the Local Agency Investment Fund which provides participants with their funds on the day they are requested.

Yield: The average yield on June purchases was 5.2% but those high yields were offset by the lower yielding securities that were purchased when the market had lower interest rates. The blended average yield for the entire portfolio was 2.05% while the benchmark 2-year T-Bill was 4.87% at month end.
