----- Coastal Zone Boundary

 Permit Jurisdiction

This area includes only lands below the mean high tide line and lands where the public trust may exist.

 Appeal Jurisdiction

This area includes lands between the sea and the designated first public road paralleling the sea or 300' from the inland extent of any beach or of the mean high tide line if there is no beach, whichever is the greater distance. Also included are lands within 100' of streams and wetlands and lands within 300' of the top of the seaward face of any coastal bluff.

----- Area of Deferred Certification

This area includes lands which remain subject to the Coastal Commission's original permit jurisdiction until land use and zoning designations for this location are effectively certified.

In addition to these geographic areas of appeal jurisdiction, the following types of development are appealable throughout the Coastal Zone pursuant to P.R.C. Section 30903 (a)(4) and (b)(5):
1. Any development approved by a county that is not designated as a principal permitted use under zoning approved pursuant to the applicable Local Coastal Program;
2. Any development that constitutes a major public works project or a major energy facility.

In areas where a parcel is bisected by the appeal jurisdiction boundary, only that portion of the parcel within the area defined as appealable is subject to the Commission's appeal jurisdiction.

This map has been prepared to show where the California Coastal Commission retains post-LCP certification permit and appeal jurisdiction pursuant to P.R.C. §30519(b), and §30603(a)(1) and (a)(2). In addition, developments may also be appealable pursuant to P.R.C. §30603(a)(3), (a)(4) and (a)(5). If questions arise concerning the precise location of the boundary of any area defined in the above sections, the matter should be referred to the local government and/or the Executive Director of the Commission for clarification and information. This map may be updated as appropriate and may not include all lands where post-LCP certification permit and appeal jurisdiction is retained by the Commission.
