31401 Holly Dr.  
Laguna Beach, CA 92651

Dear Mr. Ruedin and Mr. Kletchko,

Attached are the documents for the View Preservation/Record of Views claim filed with the City. The documents have been included in your property file at City Hall and are posted on the city's website. Should any of the noticed affected property owners like to view the documented Record of Views they may be found on the city's website at [www.lagunabeachcity.net](http://www.lagunabeachcity.net) on the View Preservation and Restoration web page.

As we discussed, the Record of Views does not establish maximum height limits on vegetation in the visual scene but rather serves as a benchmark for determining significant view impairment in the future. A determination by staff of significant view impairment pursuant to Laguna Beach Municipal Code Section 12.16.030, must be confirmed prior to the city interceding with enforcement of the Record of Views.

Please contact me should you have any questions related to the attached documents.

Regards,

RECORD OF VIEWS  
(PER LBMC 12.16.040 "VIEW PRESERVATION")

NOV 19 2018

PLANNING DIVISION  
CITY OF LAGUNA BEACH

**Establishment of a Protected or Preserved View.** A property owner may establish a protected or preserved view from a property owner's selected viewing locations (defined in Section 12.16.020) by agreement with the City. Once a record of views is established by the City pursuant to LBMC 12.16.040(b), the protected or preserved views shall not become subject to significant view impairment. Established record of views may not be changed unilaterally by the property owner; provided, however, that upon application by the property owner to do so, the City may change an established record of views in the event there is a subsequent remodel or physical change to the selected viewing locations or areas. The record of views does not establish maximum height limits on vegetation in the visual scene; rather it shall serve as a benchmark for determining significant view impairment in the future. Pursuant to Section 12.16.010(b), *it is a purpose of this chapter to establish a right for property owners to determine and to preserve those selected viewing locations or areas from significant or egregious view impairment by the growth of trees or other vegetation.* Refer to Laguna Beach Municipal Code Chapter 12.16 for a full description and definitions of the View Preservation process.

FEE: \$690

**Noticing Requirements:** Applicants must provide a certified mailing list of affected property owners within 500 feet of the subject property. The noticing list must include a map of the affected and noticed parcels and stamped, addressed envelopes for each parcel. A separate set of mailing labels, not affixed to envelopes, must also be submitted with the application. The list must be compiled by a professional listing service, in the format described, and submitted directly to the City.

FEE: Determined by (and paid directly to) noticing list agency.

31401 HOLLY DRIVE, LAGUNA BEACH, CA**

Dear Property Owner:

A View Preservation claim has been filed with the City of Laguna Beach by the property owner(s) at **31401 Holly Drive**. Pursuant to Laguna Beach Municipal Code Section 12.16.040, a property owner may establish a protected or preserved view by filing a View Preservation claim with the city. Once a Record of Views is established with the City the protected or preserved views shall not become subject to significant view impairment.

As an affected property owner within 500 feet of the subject property you are being notified of the established Record of Views as required by the Municipal Code. There is no action required from you at this time. Your continued actions to maintain the height of the vegetation on your property at an unobstructing height are appreciated.

The applicant's property file has been documented with the Record of Views. The Record of Views for the subject address can also be found on the city's website at [www.lagunabeachcity.net](http://www.lagunabeachcity.net). Click on Government, then Community Development, then View Preservation and Restoration. Select the address under "Record of Views".
